— EMERGENCY AMBULANCE SERVICE —

THE MOUNTAIN STATES TELEPHONE & TELEGRAPH COMPANY

# GENERAL INFORMATION

## Service Suggestions

After you place a call, be sure to allow what you consider a sufficient length of time to enable the called person to reach his telephone, before concluding there is no one there to answer.

Answering your telephone promptly will assure you better service and avoid abandoned calls or other attempts to reach you. Time is saved by identifying yourself, your Company, or your Department immediately.

*Speak slowly, clearly and directly into the telephone with your lips about one-half inch from the mouthpiece. Otherwise you will not be heard distinctly.*

Be sure the receiver is properly restored at the close of a conversation. Otherwise your line may be "out-of-order" when someone is trying to call you.

## Service Difficulties

Every effort is devoted toward providing you with the best possible telephone service. We shall appreciate your cooperation in reporting promptly any service troubles or defective equipment, such as broken mouthpieces, frayed cords, or loose wiring. Repairs and replacements due to ordinary usage or unavoidable accidents are made without charge.

## "Beep" Tone Tells When Telephone Conversation Is Being Recorded

A short high "beep" tone heard on the telephone line about every 15 seconds means that the person with whom you are talking is recording your conversation by means of his electrical recording machine connected to the telephone line.

This signal is provided by the Telephone Company for your protection. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects his recorder the signal is no longer heard.

The "beep" is produced automatically by the device used to connect the recorder to the telephone line. It stops when the recorder is disconnected. Use of the recorder without this signal is unlawful.

## Attachments to Telephones

The equipment, apparatus and lines furnished you have been designed to produce the best telephone results. No instrument, appliance nor device of any kind not furnished by the Telephone Company shall be attached to or in any way used in connection with such telephone equipment, apparatus and lines except as specifically provided in the Tariffs of the Telephone Company. You are requested, therefore, not to use nor permit the use of such instruments, appliances or devices. The Telephone Company reserves the right to remove such devices, when found, in order to protect the telephone service.

## Attachments to Directories

To insure the usefulness of the directory, no attachment, holder or auxiliary cover, except such as may be furnished by the Company, shall be used in connection with any telephone directory furnished by the Company.

## Changes and Errors in Directories

Every precaution is taken to avoid errors and omissions in the alphabetical telephone directory, but if they occur, the Company's liability for them as provided in its tariffs is limited to an amount not exceeding the charges for the service affected until a new directory is published. In order that the directory records may contain correct listings at all times, notification of changes or errors should be given at once to the Business Office of the Company.

## Improper Language

Profane or obscene language over the Company's wires is prohibited. Subscribers are responsible for the enforcement of this rule. Failure to observe this will constitute cause for discontinuing service.

## Identification of Employees

All employees who are authorized to represent this Company are provided with a photographic identification card. This card, which is properly countersigned, shows the employee's name, signature and photograph. Subscribers are earnestly requested to refuse admittance to their premises to anyone who cannot furnish this means of identification.

## Advertising Telephone Numbers

Many subscribers find it convenient and profitable to use their telephone numbers on stationery and business cards, as well as in their advertising. We encourage this practice, but it should be understood that the assignment of the telephone number does not vest in the subscriber a property right thereto.

We exert every effort to avoid changing telephone numbers, but the needs of the service occasionally compel us to do so. Obviously, when you display your telephone number, the value to you, and to the service as well, depends upon the number being carried correctly at all times. Therefore, in the event your number is changed, it is suggested that corrections be made as promptly as possible.

## The Classified Directory

The "Classified" pages of this directory contain the names of business telephone subscribers listed under headings descriptive of the product, service or profession of these subscribers. These pages enable you quickly to determine the name, address, or telephone number of business telephone subscribers who can supply the product or service desired.

Revised to June 21, 1952

## EMERGENCY CALLS

**IMPORTANT!** Make certain now how you can use your telephone to report fire, marauders, or accident. Plan to stay on the line until sure that someone understands the address at which help is needed.

	<i>To Report a Fire</i>	<i>For Police Assistance</i>	<i>Sheriff</i>
WINSLOW.....	5	3	79

If unable to complete Fire, Police, or Other Emergency calls by calling the number, call the Operator—ask for “FIRE” or “POLICE” and give her the address where the assistance is desired, your name and telephone number.

For the Telephone Number or Address of the nearest  
FEDERAL BUREAU OF INVESTIGATION OFFICE, call.....Information

## TELEPHONE SERVICE CALLS

Long Distance .....	Place Call with Operator
Information—For numbers not listed in this directory.....	Ask For Information
Repair Service—To report a telephone out of order.....	Ask For Repair Service
Assistance Operator—To obtain assistance or to report service irregularities.....	Ask The Operator
For all other purposes:.....	350

# Out-Of-Town Telephone Calls

Tell the Operator:

1. The City or Town you want.
2. The out-of-town telephone number, if available, or the name under which it is listed.

**FOR EXAMPLE** — "Calling Omaha, Nebraska—Walnut 3456." (If you don't know the telephone number) "Calling Omaha, Nebraska—anyone at Mr. J. Lowell's residence, 34 Blank Street."

3. Your telephone number (and name if required) when requested by the operator.

## STATION-TO-STATION CALLS

The above is a station-to-station call because you have not asked the operator to connect you with a particular person or a particular telephone or department reached through a private switchboard. The charge for a station-to-station call is slightly less than for a person-to-person call and begins when the called telephone or private switchboard attendant answers.

## PERSON-TO-PERSON CALLS

When you want to be connected with a particular person or with a particular telephone or department reached through a private switch-

board, simply give the operator the same information as above and the name of the person or department wanted, also the extension number if known. The charge is slightly more than for a station-to-station call and begins when you reach the person, extension or department you want.

**DAY RATES** apply from 4:30 A. M. to 6:00 P.M. on all days except Sundays.

**NIGHT RATES** apply from 6:00 P. M. to 4:30 A. M. and all day Sundays.

## COLLECT CALLS

You may "Reverse" charges, that is, have them billed to the called telephone. Simply tell the operator you want to place the call "Collect." If the called party agrees to pay the cost, charges will be billed to his telephone. There is a small additional charge on station-to-station calls when the initial rate is 20 cents or less.

## TO OBTAIN A RATE FOR AN OUT-OF-TOWN CALL

Ask the Operator for the rate.

## TO PLACE A TELEPHONE CONFERENCE CALL

Ask the Operator for rates and other details.

**CALL BY NUMBER** whenever you know it — **IT'S FASTER!** When you place long distance calls by number, the operator doesn't have to consult "Information" in the distant town and your call can often go through much faster. (If you don't know the number, the operator will give it to you in the course of handling the call — then you can jot it down for use next time.)

A Store may not immediately come to the mind of a prospect when special services are desired, such as are offered by a Beauty Salon, Radio or Watch Repairing Department. Many establishments, realizing this, advertise under several classifications in the Classified Directory. Thus they direct more business their way.

Research into the telephone art goes on continuously so that telephone service always will be better tomorrow than it is today.

A Store may not immediately come to the mind of a prospect when special services are desired, such as are offered by a Beauty Salon, Radio or Watch Repairing Department. Many establishments, realizing this, advertise under several classifications in the Classified Directory. Thus they direct more business their way.
